

# “Big Miracles, Small Miracles and Ordinary Miracles”

The journey of a child diagnosed with Autism can be filled with hard days, but along the way there are many moments that are current day miracles. This story of hope and sensational moments highlights the “Big Miracles” as well as the “Ordinary Miracles” that we as special needs parents are privileged to witness. This conversation focuses on a family with a child who regressed into severe, non-verbal Autism only to emerge with a one-of-a-kind, inspirational and riveting story that is impacting families around the world.
