

## Intensive Therapy to Impressive Senior Year

Cheerleading Captain, driving and college acceptances are just a few things that are helping this senior year to be special. The fact that the story starts with an extreme uphill battle with an Autism diagnosis at age 2 only makes the journey that much more fascinating and inspiring to all of us that dream of the day our kids can do it too! This family left nothing on the table, every therapy, every option and every effort was made to help Lizzie defy the odds and be able to share this encouraging Success Story.

With Julie Hornok

RELEASE DATE NOVEMBER 16, 2020

# THE VORTEX
