

# Teach•able

Helping Kids Achieve Their *Best*

School Systems are invited to partner with Teach•able. This thoughtful and unique program goes to extraordinary lengths to help general education teachers and special education teachers better understand the tools and techniques available to them so that they may find best practices to support students with neurodevelopmental disorders achieve their goals.

**Complete with 17 expert presentations,  
2.5 hours of content and Workbook.**

The Online Learning Platform includes checkpoint quizzes and user ease of access from any computer, tablet or phone. This fully customizable program also allows for 8 additional district videos to be added to the video content.

Every Educator, General Ed, Special Ed, Para Professional, After School Instructor and Counselor will be given access to the online learning experience. When complete they will be sent a Certificate of Completion and given access to the self study portal with all presentations and additional support links for the duration of the district agreement.
